TERM

This garden view ground floor apartment hosts a 1-bedroom and 1-bathroom living space. A cozy suite for 2, with a fully equipped kitchen and open plan theme throughout the living and dining space unto an open-air patio. Blue Waters is ideally located in the heart of the happening south coast of Barbados and perfect for long and short stay visitors alike. Wake up in a traditionally styled Barbadiana home that has been revamped into 5 modern apartments and just a few minutes walk from the turquoise waters of one of the islands best beaches and the 1-mile long south coast boardwalk. From local-to-international and casual-to-formal, when it comes to eating, your plate is full of convenient dining options. We definitely suggest the world famous Oistins Friday night fish fry and our version of South Beach - St. Lawrence Gap. Other amenities such as supermarkets, boutique retailer shops and banks are just around the corner and the capital city Bridgetown is a 7-10 minute bus or car drive away. Each apartment in this gated property is complete with high speed internet, air-conditioning, cable television and charming private verandahs over-looking quaint gardens
