This tastefully designed, two-bedroom, two bathroom beachfront property is perfectly suited for visitors and locals alike. The open plan living space features a well laid out kitchen, complete with bar stools and a Tulum-inspired breakfast nook, which looks onto a large covered patio. The master bedroom is ensuite, while the second bathroom is accessible from both the living area and from inside the second bedroom via a solid sliding door. This allows for the second bedroom to also be ensuite without sacrificing privacy. Both bedrooms are outfitted with AC and there is a laundry room complete with washer and dryer right off of the kitchen. The lawn space which extends off of the covered deck offers plenty of room for lounging or exercise and the calm sea is perfect for paddle boarding or swimming. The immaculate beach views, together with the bohemian-style decor and modern furnishings all help to make this the perfect location for your next getaway in "paradise".
