SALE

This attractive residential lot offers 17,675 Sq. Ft. of land in the desirable neighbourhood of Fort George Heights. Fort George is one of the islands' most sought after communities and is close to many amenities and beaches along the island's south coast. Positioned in a tranquil cul-de-sac, this prime piece of real estate provides the perfect canvas for building your dream home. The gently sloping terrain of Lot 3 allows for versatile architectural designs, maximizing the potential for creating a residence that captures both the scenic beauty and cool island breezes. This lot's generous size offers ample space for a spacious home, lush landscaping, and outdoor living areas. Imagine waking up to stunning sunrises over the island and enjoying vibrant sunsets over the shimmering sea from the comfort of your own private oasis. The surrounding neighborhood of Fort George Heights is known for its well-maintained properties and a sense of community, providing a secure and welcoming environment for residents. Don't miss the chance to make this prime lot in Fort George Heights yours and embark on a journey to turn your vision of Caribbean living into a reality.
